visit on 4 October; copies shown to Ambassador; and one copy each of 2 photos given to Chief, FBI, in Mexico. A handwritten note indicates that 4 pictures from 1 Oct + 4 from 4 Oct. were sent with this dispatch.

3. A letter from "Thin" to "J.C." Eldon Rudd took the letter to Dallas and mailed it from there.

"Reference is made to our conversation of 22 November in which I requested permission to give the legal Attache copies of photographs of a certain person who is known to you." Attached to the letter are copies of the photos with the dates stamped on the backs. The Ambassador decided it was very important to get the photos to Dallas so the

naval attache is taking them to Dallas on a special flight. (32-14)

B. November 23, 1963

1. DIR 84802 (26-8) referenced to Mexi 7014 says:

"Thanks. This connection was also noted here."

The originator and A.O. was John M. Whitten (C/WH3).

The releasing officer was Thomas Karamessines.

2. Mexi 7019, originated and released by Kin Scott, reports that they have pictures of the "unidentified American type who is possibly Oswald" going into the Cuban Embassy on 15 October. The cable

also reports that they are checking the photos from other dates. (27-10)

3. DIR 84821 originated with John M. Whitten. It was released by "W. Mallory C500 for John M. Whitten

for pictures of this man entering the Cuban Embas.

by direction Thomas Karamessinos ADDP." It says: "Send staffer with all photos Oswald to HQS. on next available flight. Call Mr. Whitten at 652-6827 on arrival."

4. Mexi 7021, originated, released and authenticated by Allen White reports that an FBI agent left Mexico at 8:00 pm with two copies of six photos of the man believed to be Oswald. One copy was going to be mailed to <sup>J.C. KING</sup> Jack Whitten's home, as Scott was so instructed in a telephone call from him. Copies of these photos, plus two taken at the Cuban Embassy were being sent by pouch. Cable asks if they (HQ) still wants a staffer to bring the photos.

5. DIR 84822 (52-22) is missing from the Mexico City Chrono.

It says there isn't any need to send a staffer with the photos. Cable says they have asked the Navy for photos again but suggests that checking the wire services would be quicker. It also reports that HQ has "just re-emphasized" the sensitivity of the photos to the FBI. This cable was routed to Scott, White and D'Armito.

6. DIR 84886 (40-541) originated by OBIRCH O'NEAL. The AO was John Whitter and the R.O. is indiscipherable, he is designated as C/WH but it is not J.C. King.

" 1. Important you review [Soviet Embassy] tapes and transcripts since 27 September to locate all material possibly pertinent to subject reference.

2. Dispatch soonest by

special courier, staffer if necessary, full transcripts and original tapes if available all pertinent material.

3. Are Original tapes available?"

accurately reports conversation of 9/24/63 about address. Reports that the

unidentified American is probably LHO in view of his claimed visit on this day. The ID can not be positive because "Station unable compare voice as first tape erased prior receipt second call." This cable also corrects the date given for the picture referred to in Mexi 7014.

"The FBI would officially make no comment on Mrs. Oswald's charge. It was understood however, that Federal agencies had acknowledged that she had been shown a photograph that night for identification, but spokesmen would not disclose whether it was that of Ruby."

The storage problem is one for us and as the reels come in with transcriptions, I store them. When we can erase them, I'll take off the labels and send them back out. [Flick] agrees with me that we have a month to six weeks reserve.

Nevertheless, am requesting 500 new ones - if not needed for this, we can store half of them with
