On FN 271, I have inserted a document with the date 5/10/94 instead of 5/11/94, as it is marked in the footnote. I did this because the document with the date 5/10/94 matches the description in the text. Also, I could not find a document with the date 5/11/94 identified with Thomasson.

MEMORANDUM

TO: File

FROM: Brett Kavanaugh

RE: Conversation with Dr. Blackbourne

DATE: May 1, 1997

I talked today with Dr. Blackbourne, and asked him whether he agreed with a statement in our report that urination and secretion of seminal fluid can occur upon death. He said he agreed with that statement.
